Every Client Starts with a Connection

Client Questionnaire:

1 How would you describe the service(s) I provide if you were explaining it to a friend?

Very relaxing (for the most part), refreshing, helps your skin feel alive and fresh

2 What do you like most about the service(s) I provide?

Massaging of the neck, shoulders, face

3 How is it different from other people you've been to who offer the same service(s)?

I've never experienced anything like this. The closest thing would be a massage, but they do not go as specific with skin health of the face.

4 What value or results have you gotten from my service(s)?

Feeling refreshed. Skin looks and feels great.

5 Is there anything you would change?

It's tough to say considering that my expectations were relatively unknown. Overall, it was great to receive the treatment.
