CONSENT FORM

For Glycolic, AHA, Light Peeling, Microdermabrasion, and Similar Procedures

Prior to receiving this treatment, I have fully and thoroughly revealed any and all conditions that may have an impact on this procedure, including pregnancy and/or location (if so, do not perform procedure), recent facial surgery, allergies, tendency to cold sores/fever blisters, use of Retin-A, topical antibiotics, or any other actives. You may not have these or any other procedures if you are on or have been on Accutane in the past year.

I understand there may be some degree of minor discomfort, and/or side effects, including stinging, pin-pricking sensation, hotness, tightness, and mild swelling and peeling.

I acknowledge that no guaranties have been made to me as to the results of this treatment, which may be due to many variables, such as age, condition of skin, sun damage, poor circulation, smoking, climate, post peel care, picking, etc.

I understand this treatment is strictly a cosmetic procedure and that no medical claims and/or benefits are expressed or implied.

I understand to achieve maximum results, I may need several ongoing treatments (possibly more aggressive combination treatments over a period of time)

I understand that although complications are very rare, sometimes they may occur, and that prompt medical treatment is necessary. In the event of any complications, I understand that I should immediately contact the doctor/licensed skin therapist who performed this procedure.

I understand that there may be risks and side effects, both short term and long term, which are not known at this time. (none recorded)

I understand that I cannot have another treatment within 14 days of this procedure, whether the treatment is performed at this location or any other facility.

I hereby agree to all of the above and to have this treatment be performed on me and to follow all prescribed directions regarding post peel and micro care.
